Bert was born in June of 1952, in Fairfax, Virginia to the late Virginia Inez and William B. Benjamin. He was later adopted by the late Dr. Arthur Stamler.

Some of his favorite things include bowling, fishing, playing World of Warcraft, reading Science Fiction books, creating custom jewelry, practicing Reiki, watching Disney movies with his kids, and watching the stars at night. He loved flowers and was an avid gardener, he kept fresh cut roses in the kitchen and gardenias on Sandy's desk at home. “ I was visiting my sister and the Family. I remember Bert sharing with me his compost pile and how he could use this in their garden. I thought, well Okay; must be a southern thing he picked up. Just thought I would share this.

“ Bert- Aside from our shared love of cigars- I cant thank you enough for the friendship you and your family have shown us over the years. I'll never forget you taking my wife to the hospital when she was pregnant with Hannah and I was stuck on a runway.
