“ I am so sorry for your loss! Billie was our son’s clinical manager when she worked for Bayada. She was kind and caring and made Josh’s day when she would come to our home. We loved her to pieces and sorry that we lost touch with her. I am sure that she and Josh have already connected in heaven. Thank you Billie for being a great support to our family. “ BILLIE was a truly beautiful person and a kind and loving nurse. She taught me a lot about the many things a nurse can accomplish and her high standards of care were a tribute to her profession.
