“ The McHan family is so very sorry for your heartbreaking loss. Our memories of Cynthia are mostly from many baseball fields in this area where we always saw her and Mr. Oates (and Deca too!) coming to support Eddie who was an excellent athlete. Our kids played together and went to school together and we felt like family. We will continue to pray for all of you as you adjust to life without Cynthia. We hope that time and warm memories will ease your pain. Much love and deepest sympathy to all of you.
