“ I had the privilege to work with and for Dot and Ed Thaggard many years ago at their store, Neighborhood Grocery while young and in my formative years. I learned so much from them regarding how to operate a business but just as importantly how to grow up to be a responsible person. Several of us worked in the store but it was always Dot that handled the sensitive issues with customers and vendors. She was very smart with excellent people skills and so doggone nice that issues just seemed to go away once she became involved. I'll always remember too that on nights that I worked and Ed went home for dinner that Dot would always send a plate back with him for me to eat. That may have been 50 years ago but I can still remember her pork chops ! Dot was an excellent cook !

Dot and Ed were wonderful people . I think about my time with them quite often and am so thankful for those memories. I am sad about Dot's passing but it is also comforting to know that she and Ed are together again just as it is supposed to be. I offer my condolences to Joy and Jane .
