“ Mother was her own universe, that I remember as child...She would build her own galaxy of bright lights and stars and everyday growing up, I would watch her Bloom and unfold her day into her own beauty. It was a gift from hardship! I remember my first lesson as a child: Mom, was the best at everything, and you should never, ever suggest other wise... The more I learnt the details of mothers life, the stronger I became! Which, throughout my youthful years, I learned all about her beauty, kindness, gifts, generosity and the love she had for living her life to it's fullest!! For years I study her, she was my lady Queen but one day I look into her eyes and saw the missing nourishment she needed to conger....Something so simple but she could never grasp.... How to love? So I started to nourish her w/ kisses laughter hugs and how I made her laugh, Yes the comedian who was hurting just as well...We were healing each-other and never ever realizing it... Good night mother, you are my comfort you are my home...I'm smiling delightedly and waving goodnight.... My lady queen

“ I was very lucky Titi Katie spent a couple of evenings alone with my wife and me when it was my Mother's time. She recounted many stories of my Mom and herself while we sat in amazement. She revealed part of her truth to us, her essence...how she herself sees herself, and in those moments I was taken back and grateful for the gifts. She made me laugh and smile, gave me goosies, and most of all she made me more proud than I was already, that she was my Titi. We love you Titi!
To everyone else, we should spend more time together like old times...imagine how big a smile Grandma would have!

“ I write this message on behalf of my mother Lydia. Unfortunately, mom is unable to acknowledge the fact of the passing of her sister Katie, due to the fact she is ill. Please know she is getting better everyday. Thank God. knowing my mom as I do, she would say that Katie was smart, adventurous, loving and a true Sagittarius in that she did what Katie wanted to do. Which is why she lived life to its fullest. Like all siblings they had their differences, talks that would lead to arguments, but at the end it could never separate the love for one another as all her sisters share. My mother will hurt when she does learn of her sisters passing and not being there with her other sisters. know this! mom, also knows the her sister Katie lived life to no end. She is still survived by two sisters that she loves and cherishes dearly. From my mother Lydia to her sister Katie, you will always be part of my life. Love you, Giga

She paved her own road and lived life her way. She was creative talented and strong will with a gentle heart only few has seen. My titi Katie was so full of life and she enjoyed sharing that wonderful life with all that loved her which is many. We had so many great times at titi house because she always had the best pool parties, but I especially enjoyed going over because she had such a taste for decorating and always had the most beautiful home. Today is a sad today for us all, but I will not mourn her, instead I will celebrate the beautiful life she lead. Titi loved us all, maybe in different ways but with everything she had. Today I feel safer than yesterday because we have another guardian angel looking after us. Titi, I will keep your soul alive with every story I will tell of you. Love you with all my heart and soul your nephew Petie. P.S Send my love to everyone in heaven..

“ What can I say about my mother, she was the best mother, grandmother and great grandmother any child could have asked for. She was kind, caring and compassionate and she truly treasured her entire family, embracing every moment with them. She will always be remembered for her vivacious personality and endless love and support for her family. We can definitely say she lived a fulfilling life with many adventures and travels. She took such joy in fashion and interior design, she had an undeniable eye for elegance. She could turn a simple bland home into the envy of a neighborhood.

I will forever cherish all the wonderful memories we shared and never forget her fearlessness and love for life.

You will be in my thoughts today, tomorrow ,and always. I will miss you so much, Mom.

Your son, Lenard.

“ Titi Katie we Love you so much As a little girl I loved to visit and get silver dollars for growing my nails and as an adult I loved to see and experience her zest for life. She truly was one of a kind and my kids loved her as well. She whipped up a bow tie for TJ at the last minute for his first choir show as a freshman in college and would knit Jamie cool hats because she said Jamie was an old soul and that they were kindred spirits. I know she will be sorely missed because she was larger than life and I loved her dearly
