“ Leslie was such a kind and caring soul who put family and people at the center of everything she did. I loved her passion for Disney and enjoyed hearing stories she shared about her family and their annual gingerbread house competition. Such a special tradition. One of my favorite memories of Leslie involved her sharing her love of Disney with my daughter when I brought her to the office. Leslie gave her Disney cards, stickers and an embroidered Disney shirt that she wore as often as she could. She left such a strong impression on my daughter who still remembers her kindness to this day.

Leslie, thank you for all of our talks and for being a good reminder that kindness always wins. My thoughts and prayers go out to you and your family during this difficult time.

“ With deepest, heartfelt sympathy for your great loss. Leslie was always so kind and helpful to everyone during her career at Duke Energy. I worked with her on projects across department lines many times, and she was a top professional and so hard working. She would smile and make things look easy.

May God comfort you and your entire family during this difficult time.

“ Leslie was such a wonderful and caring person that I will miss greatly. She was a great friend and I feel blessed to have known her and to meet her family. She provided me so much support when my dad was sick and always there for me. I will cherish my memories of her and continue to pray for her family during this sad time.

“ Caring, thoughtful, generous, helpful, and positive -- Leslie loved people and "let her light shine" in so many selfless acts of kindness and compassion. And, as she described fun-filled overnights with her grandsons, gingerbread house competitions, and annual Disney trips, it was clear that she lived life to the fullest and treasured time spent with family. I will forever cherish our friendship at Duke and fond memories of daily doses of laughter, business trip and seminar adventures, stress snacks, and shared stories of our precious grandchildren. My prayers are with your family. May all of us who were fortunate enough to know Leslie be motivated to follow her example of loving and serving others. -- Melody Hecht

“ My heart aches hearing that Leslie is no longer here on earth with us. Heaven has truly been blessed with a genuine "angel". I worked with Leslie for many years and she always made me feel so very special. However, that was Leslie - she knew how to make everyone feel so special. She always wanted to give, but never expected anything in return. I sat in the office where she stored the 'pounds' of candy that she always had available for everyone on the team. She was a sweetheart and will be missed so very much. Love and miss you Leslie!!

“ I first met Leslie at Duke in 2006 when we started the very large Maximo Project, Leslie was ALWAYS kind and loving and accepting of our very diverse team. I remember the candy she always had on her desk, as a way to welcome and comfort passersby and her ever present holiday spirit, regardless of the holiday. We always had some kind of holiday symbol hanging from the ceilings or on the walls, it made the team area feel inviting and festive. I also remember how she and her husband did a bicycle drive at their church, always giving to others.

Leslie was loved by everyone on the team and will remain within our project memories and our hearts forever.

Much love from across the globe to your family.

“ Sweet memories of many family gatherings at Pawpaw and Mawmaw’s house. Leslie was always a bright spot in our time there. Her smile, her laughter. Always enjoyed spending time with all of you. How many times we laughed about running into each other at Target and the movie theatre. I know there is truly a hole in your hearts through all of this. Praying for your family.

“ I got to know Leslie personally when she was coordinating my wife, Sharon's, retirement party. I was always so touched about how much she cared to make sure that the event was perfect and it was because it was about how much she cared for my wife. And once I got involved I felt the same love and care for me as well. She just had such a sweet heart and so much love to give.

And I know she was a great fan of Disney World so it's my hope when she gets to the gates of heaven that she gets to meet Walt Disney and I know she'll have a "fast pass" to get into heaven for all the love she shared when she was alive. RIP Leslie!
You will be missed.
