“ Loved her so much. I will miss her beyond words, but I'm so happy that I had a lot of time with Peggy over the past year. Though I miss her so much, I'm glad that her suffering is over, and that she is in the presence of God and her family ... dancing on the streets of gold! I will see you on the other side, Sweet Sister. I love you, Phyllis

“ I treasure all the days we spent together working side by side. I went to nursing school, but when I met you, it was Peggy's school. We laughed and cried a river of tears together. I respected you so much. Thank you for the kindness you showed me. I know Don was so happy to see you come through those gates. Now you are dancing around the thrown of our Lord. What a strong and courageous woman. Love you so much!!

“ I was honored and privileged to work with Peggy at Presby for many years.... but even better that she was my true friend.. She called me not long ago to tell me of her illness. What a strong woman to reach out to a best friend to say goodbye. My heart goes out to her family. I will always love her. My heartfelt sympathy to all her beloved and well loved family.
