“ this is how i will remember you, granddaddy. sitting beside me at sam's game with your oxygen in, wearing the same leather coat as always, a smile lighting up your face. you never failed to show up and to make us feel loved. my heart aches missing you, but i am so overjoyed that you are with jesus and your mother and my friend abbie up in heaven. there's no better place for such a kind, wonderful grandfather like you to rest. i love and miss you endlessly.

“ Ray you always made me feel like I was part of the family and I'll never forget the year I got to come with Jenny and David to share thanksgiving dinner with you and oh what an amazing cook you were. Please always let Jenny know you are still watching over her what an amazing young lady she is. If you see my Jordan up there tell him his mom loves him so much . God bless you always

“ Miss you so much Dad. You taught me how to love well. Find myself wanting to text you pictures of the kids as we did so often. Will miss going to the ball games with you and enjoying our favorite BBQ together. The grandchildren are missing you so much, but we are blessed to have a treasure trove of so many awesome memories and my gosh , just trying to pick out pictures for the slideshow...we have millions it seems like. Love you and look forward to the day that we are reunited. Love, David
